Tell 911 exactly where help is needed with what3words

what3words is an easy way to give an exact location. Every 3m square in the world has been given a unique combination of three words.

- To give a what3words address in an emergency:
1. Open the what3words app.
  2. Wait for the blue GPS dot to stabilize, then tap the current location once ("OK" icon, if needed now).
  3. Read the three words to the 911 call operator.
